

**PETER J. GUARNACCIA, Ph.D.**

*pguarnaccia@ifh.rutgers.edu*

Peter Guarnaccia (Ph. D., Connecticut, 1984) is Professor in the Department of Human Ecology at Cook College and Investigator at the Institute for Health, Health Care Policy and Aging Research. His research interests include cross-cultural patterns of psychiatric disorders, family strategies for coping with mental illness, and cultural competence in mental health organizations. He was a member of the NIMH Task Force on Culture and Diagnosis which contributed cultural material and guidelines to DSM-IV. He was also a member of the NIMH National Advisory Mental Health Council's Behavioral Science Workgroup recommending future directions for translating behavioral sciences research into public mental health outcomes. His current research examines mental health among Latino individuals in the U.S. and in Puerto Rico as part of the National Latino and Asian American (NLAAS) mental health study funded by National Institute of Mental Health. Recent publications "Are *Ataques de Nervios* in Puerto Rican Children Associated with Psychiatric Disorder?" in the *Journal of the American Academy of Child and Adolescent Psychiatry* (2005 , with I. Martinez Pincay, G. Canino & R. Ramirez) and "It's Like Going Through an Earthquake: Anthropological Persepctives on Depression among Latino Immigrants" in the *Journal of Immigrant and Minority Health* (2007, with I. Martinez Pincay). He is co-editor of *A Death Retold: Jesica Santillan, the Bungled Transplant, and the Paradoxes of Medical Citizenship* (2006, University of North Carolina Press, with K. Wailoo and J. Livingston).
